

## **STRATEGIC PARTNERSHIPS / BUSINESS DEVELOPMENT**

**Enwa Water Treatment AS designs, manufactures and supplies systems for water treatment to various market segments world wide, based upon reliable, environmentally friendly and energy effective principles.**

**Our strategy is to grow further, both organically and through strategic partnerships and acquisitions.**

**Companies who want to discuss a strategic partnership, or company owners who are considering a sale or divestment, are welcome to contact us**

**In this regard we are prepared to consider companies manufacturing and supplying water treatment solutions to the following market segments:**

- **Traditional industry**
- **Maritime sector**
- **Oil & Gas / Offshore**
- **Public and Private freshwater supply**
- **Energy sector**
- **Property developers**
- **Hotels**
- **Swimming pools**
- **Aquaculture**
- **Hospitals and pharmaceutical companies**

**Of particular interest to us are companies manufacturing and marketing reverse osmosis solutions with treatment capacities exceeding 1.000 qm / day.**

**We are looking for companies that meet some of the following requirements:**

- **Well developed international distribution network**
- **Own product, preferably patented and/or branded**
- **Technology with potential for further development**
- **Continuous product development**
- **Acceptable profitability and solidity**
- **Annual turnover between EUR 5 millions and EUR 20 millions with growth potential**
- **Transparent ownership structure**
- **Professional management**
- **Inhouse engineering competence and sales department**
- **Good contract record and customer references**
- **ISO 9001 certificate or following ISO guidelines**
